

E-FOIL

E-FOIL
40 km/h

WHAT DO I NEED TO KNOW?

The Lift eFoil is an electric-driven, fast, agile, silent, and all-round incredible flying surfboard.

Controlled with a wireless handheld, the ride is intuitive, easy and safe.

Imagine taking someone that has never dreamt of surfing, or deep powder snow boarding, or flying. A person that doesn't live the extreme lifestyle and within minutes they feel it all.

They're soaring like a bird, carving butter smooth turns and experiencing the freedom of flying through the freeways of the ocean, rivers or lakes.

Running time: up to 60 min
Charging time: 2.5 h

No license required.
