

RON [REDACTED]

CAPTAIN

PROFI LE

A highly skilled and adaptable Captain with over eight years of extensive charter experience, holding both MCA and USCG 200-Ton Masters Licenses, I am seeking a new challenge on a 100-115ft vessel. I have successfully managed a charter program, led both private and chartered vessels throughout the Caribbean & Mediterranean, and oversaw a new-build 80ft catamaran project.

My exceptional leadership skills and extensive maritime knowledge create a secure atmosphere for guests & crew. I excel in adaptability and problem-solving. My leadership style balances professionalism and amusement while emphasizing safety and teamwork. Outside of my maritime career, I enjoy Foiling, Snowboarding, Scuba Diving and Sailing.
