

100 ton Master Captain with over 6 years' experience serving the charter, yachting, fishing, and customer service industry.

Provide a full catalog of services focused on investment value preservation, aligned to yacht and large boat owner goals.

Experienced quick progression through the ranks of the yachting industry by being proactive, accountable, energetic and above all having an honest, dependable and charismatic demeanor.

Grounded on a strong foundation for seamanship prioritized by safety.

Evolved into providing a complete complement of management and maintenance services for broader owner value.

Currently focusing on enhancing networking and customer service skills to complement boat brokerage sales business needs.

Benefited from strong industry mentorship and hands-on experience.

I differentiate what I bring to this industry by being flexible and accommodating to the varying service needs..

Proven record leveraging diverse customer service skills.
