

PROFILE

I offer extensive leadership and operational expertise drawing on 25 years as a regional sales director in B2B beverage sales and hospitality. At sea, I ensure the safety, comfort and satisfaction of owners, guests and crew, delivering tailored service and memorable experiences.

I recently completed overseeing a comprehensive engine service and refit on a vintage 1993 Palmer Johnson 80' with MTU 183TEs and Arneson Drives as I continuously continue to expand my technical knowledge.
