Location: Fort Lauderdale, Florida.

PROFESSIONAL SUMMARY: Professional marine engineer and licensed USCG Master with over 10 years of experience on multiple roles aboard private and charter vessels ranging up to 120'. Combines strong engineering capabilities with bridge leadership. Experienced in technical management of onboard systems, as well as the day to day vessel operations. Comfortable running refits and yards periods, managing workers and vendors, and building structured maintenance schedules, checklists and documentation.

OBJECTIVE: To obtain a position within the marine industry where I can apply my skills while continuing to expand my technical and operational knowledge.

PROFESSIONAL EXPERIENCE:

M/Y [REDACTED] **ENGINEER/ FIRST MATE** **04/2024 – PRESENT**
Crescent 117' · Private · Fort Lauderdale, FL
[REDACTED]

Responsible for the daily operation, maintenance and troubleshooting of all onboard systems. Manage preventative maintenance schedules, service intervals, technical logs, and vessel documentation. Coordinate shipyard projects, vendors, contractors, and day workers, including parts sourcing and inventory management. Lead system upgrades and technical projects, including Maretron/NMEA2000 network monitoring and calibration. Assist the captain with navigation, watchkeeping, docking, and trip preparation, while supporting guest operations and maintaining overall vessel readiness.

M/Y [REDACTED] **CAPTAIN** **07/2021 – 02/2024**
Johnson 103' · Private/Charter · S. FL and Bahamas

In charge of maintenance of the boat, engines, generators and other components, work scheduling, primary repairs and yard periods. In charge of navigation, trip planning, reservations and hiring of crew as well as supervising and overseeing all aspects of charters, from guest service, food and interior service, to all exterior and watersports activities.

M/Y [REDACTED] **FIRST MATE** **09/2018 – 07/2021**
Johnson 103' · Private/Charter · S. FL, Bahamas and New England
[REDACTED]

In charge of maintenance of the boat, engines, generators and other systems components, work scheduling, crew hiring, repairs and yard periods. Along with the captain, took part in navigation and preparation of all trips as well as overlook all aspects of charter, from guest service, food and interior service, to all exterior and watersports activities.

M/Y [REDACTED] **FIRST MATE** **05/2016 – 08/2018**
Sunseeker 82' · Private/ Charter · S. FL and Bahamas
[REDACTED]
