REFERENCES

██████████ | Hardworking, motivated, and detail-oriented teammate looking forward to continued career growth in the yachting industry. I have over 10+ years in and around the water, with a strong background in fishing - including my own Youtube Channel that has been documenting my fishing experiences since 2014.

In each of my roles I have enjoyed interacting with clients/guests and have proven to be a quick learner. In my role at Freedom Boat Club, I have gained valuable time management and organizational skills as I assisted with logistics for 25+ vessels. I have proficient use of MS Office Programs and social media. I am confident my background, skillsets, and positive outlook will make me an asset to your program.
