- Organization
- Project Management
- Childcare

### Education

[REDACTED] University | 2009-2013

Bachelor of Arts in Psychology & Spanish

### About me

As a professional, adaptable and approachable worker, I hope to continue to progress in this vibrant industry. Originally an Executive Assistant to the CEO of a Real Estate Development company in New York, my skills working with high-net-worth individuals were strongly transferrable to the level of luxury & discretion required in the yachting world. Throughout my time in the industry, I've been able to work with some fantastic crew that advanced my skills in housekeeping, laundry and the day to day of living & working on a yacht. In my spare time, I enjoy sampling local cuisine, taking yoga classes and planning excursions with friends. Looking forward to bringing some fun & positive energy on board!

### Relevant Experience

**M/Y [REDACTED], 40m**

May 2024-Nov 2024

Second Stew/Chief Stew

Heavy use, private boat for the Med Season as the Second Stew in a crew of 8. We visited Montenegro, Turkey, Greece, Monaco and SOF. In my time on this boat I became proficient in all areas of the interior as we had on average 10 guests aboard all season, many themed events, as well as several staggered guest arrivals & departures. I was given the opportunity to step up as Chief Stew towards the end of the season, which offered me the chance to also become proficient in provisioning, event planning, leadership and service.

March-April 2024

Second Stew

Private/ Charter program based in Bahamas. I worked as the temp Second Stew in a crew of 6. In my time on this boat, I worked in all areas of the interior as well as helping with lines/fenders whenever needed.

Jan-Feb 2024

Second Stew

Private use boat based in Miami/Bahamas. I worked as the temp Second Stew in a crew of 7. In my time on this boat, we catered to high profile guests as we traveled through the Exumas with 11 guests on board. Role was primarily in housekeeping/laundry with high level service as needed. We also did several beach set ups.
