- Safety-focused, professional, and owner-oriented
- Flexible, reliable, and discreet

---

Dear Sir or Madam,

I am writing to express my interest in a Yacht Captain position. With over 35 years of boating experience and more than 24 years as a licensed Master Captain, I bring extensive operational knowledge, strong leadership skills, and a deep commitment to safety and guest satisfaction.

I am a U.S. Coast Guard-licensed Master Captain (500 GT, Oceans) and a Mechanical Engineer, with hands-on experience operating a wide variety of luxury motor yachts, including Azimut, Sunseeker, Sea Ray, Lazzara, Ferretti, Westport, and Burger, to name a few. This diverse background has allowed me to adapt quickly to different yacht systems, layouts, and operational styles.

Throughout my career, I have worked on both privately owned yachts and charter yachts, handling private trips as well as day charters and extended charters lasting multiple days or weeks. I am highly experienced in delivering a seamless and enjoyable experience for owners, corporate clients, families, and guests, while maintaining the highest standards of professionalism and discretion.

I have extensive cruising experience in the U.S. East Coast, Bahamas, Caribbean, Gulf of Mexico, Adriatic Sea, and Cuba, and I am fully open to international travel. I am comfortable relocating and traveling with the yacht as required, with no restrictions.

In addition to navigation and vessel operations, I am very strong in yacht crew management, including crew selection, training, scheduling, and maintaining a positive and efficient onboard working environment. I believe that a well-managed and motivated crew is essential to both safety and guest satisfaction.

My approach as a captain is centered on safety, reliability, and service excellence. My technical background allows me to proactively manage mechanical systems, troubleshoot issues efficiently, and ensure smooth operations with minimal downtime.

I would welcome the opportunity to discuss how my experience, versatility, and passion for yachting could be an asset to your vessel or fleet. Thank you for your time and consideration.

Kind regards,

**Camilo** [REDACTED]

Master Captain – 500 GT Oceans
