Employment History

Captain, ██████████ Fort Lauderdale, FL

APR 2025

Command a 65ft Sentinel tour boat, ensuring safe, efficient operations and an exceptional guest experience. Lead pre-boarding and safety briefings, manage passenger flow and onboard hospitality, and provide engaging commentary on local sights. Plan navigation routes, monitor weather and traffic, and coordinate with customers to maintain schedules. Perform routine mechanical maintenance, including oversight of twin Volvo D13 engines and daily systems checks.

Captain, ██████████ Murrells Inlet, SC

JAN 2023 – JAN 2025

Operated and maintained a 32-ft custom Carolina fishing boat for guided charters, delivering safe, productive fishing experiences to groups and private clients. Managed baiting, tackle selection, and fish handling while providing expert instruction to novice anglers. Utilized navigation systems and local knowledge to identify productive fishing grounds and avoid hazards; performed routine engine checks and minor repairs to ensure vessel reliability and safety.

Captain, ██████████ Surfside Beach, SC

MAY 2020 – SEPT 2022

Captain and operator of jet-ski towed banana boats and a 35ft parasailing vessel, delivering engaging, high-energy water-sport experiences while enforcing strict safety protocols aligned with WSIA and insurance standards. Performed pre-operation equipment inspections and routine maintenance, and supervised safe operations during high-turnover recreational sessions.

Captain & Divemaster, ██████████ Fort Lauderdale, FL

JUN 2025 – NOV 2025

Ensured safety of passengers and divers during transit and at dive sites; navigated to accurate tie-in points for wreck and mooring dives. Monitored up to 25 divers during drift dives, maintained situational awareness of flags and surrounding vessel traffic, and coordinated surface support. Conducted pre-dive briefings, inspected and fitted equipment, and guided divers underwater while collecting and reporting site details. Enforced strict safety standards and provided clear post-dive reports to the team.
