M/Y [REDACTED] | 55' Novatech

CAPTAIN | Atlantic Coast US, Bahamas
Jun-July 2025, March 2026

- Delivery of new purchase from Virginia Beach to St. Augustine while teaching the new owner seafaring and captaining skills
- Delivery of the owner his wife and 3 year old daughter from Palm Beach to Georgetown, Bahamas passing through the Exumas where we fished, dived, and explored. Continued captaining and seafaring instruction where we met navigation and weather challenges.

M/Y [REDACTED] | 42' Boston Whaler

CAPTAIN | Atlantic Coast US, Bahamas
February 2026

- Delivered boat from Miami to Nassau where I served as chase boat captain and fishing guide in the Exumas. There we visited my deep drop and trolling locations.
- In the mornings I would dive on my waypoints to put fish and lobster on the table.
- Guided owners through some beautiful locations when not fishing.

M/Y [REDACTED] | 62' Pershing

CAPTAIN / Atlantic, Hampton
August-November 2025

- Oversaw extensive mechanical work including new turbo, generator repair, and electrical upgrades.
- Ran several charters around Sag Harbor and prepared the boat for its trip to Maryland with the next captain..

M/Y [REDACTED] | 2020 Sunseeker Manhattan, 56'

CAPTAIN | Atlantic Coast US
July 2021-October 2021

- Supervised shipyard period followed by summer in Rhode Island and delivery to Fort Lauderdale.
- Responsible for mechanical maintenance, passage planning, bunkering, and docking
- Identified mechanical issues and resolved them.
- Acquired all necessary spare parts, life saving gear, and tools to ensure safety and preparedness.
- Entertained the owners and their family and friends during a season of weekend trips throughout the Northeast, while fishing and sightseeing.
- Hired and trained crew.
- Handled accounting.

M/Y [REDACTED] | 2020 Formula 40PC, 43'

CAPTAIN | Atlantic Coast US
July 2020 and October 2021

- Responsible for passage planning, maintenance, and docking during deliveries using ICW.
- Hired and trained crew.

M/Y [REDACTED] | 2017 Sunreef Power, 80'

CAPTAIN / Atlantic, Gulf of Mexico, Mississippi River
May 2019- July 2019

- Supervised shipyard period.
- Performed navigation, upkeep, docking, anchoring for owner trip to the Florida Keys followed by a delivery to Memphis, TN, via the Mississippi River.

I feel it is important to run an efficient program on budget that keeps all systems up to date and running smoothly and thereby keeping costs down and the yacht always available to the owner when they wish to use it. I also like to focus on giving the highest standard of hospitality to the owners and their guests to develop a strong and trusted relationship. On that foundation it is important to help create great itineraries and trips to produce lifetime experiences for owners and guests. I am very passionate about diving and sportfishing and love sharing amazing experiences with others.

M/Y [REDACTED] | 2016 Viking Cockpit, 70'
CAPTAIN | Atlantic US and Bahamas
May 2019

- Performed passage planning, docking, and anchoring for the owners and their guests during a trip through the Bahamas ending in Turks and Caicos.
- Provisioned locally, bunkered, and performed maintenance to all systems while underway.
- Guided the owners and their six guests through the Bahamas stopping at various marinas and anchorages throughout the Berries, Exumas, and Far Bahamas where the owners and their guests fished, dove, and experienced Bahamian culture.
- Was responsible for daily fishing excursions, rigging and setting rods and reels and then locating the best locations.

M/Y [REDACTED] | 1991 Coast Guard Cutter, 110'
CAPTAIN | Atlantic and Gulf of Mexico
September 2017

- Performed docking, bunkering, and navigation for a delivery from Key West, FL to Mexico to escape Hurricane Irma.

MY [REDACTED] | 2003 Regal, 43'
CAPTAIN | ICW
2016-2021

- Performed day charters in Fort Lauderdale as a freelance captain when in the area during this time.
- Responsible for navigational planning, docking and mechanical maintenance.
- Entertained groups of charter guests up to 12 while touring the sights.

[REDACTED] DIVE CHARTERS | Newton, 49'
CAPTAIN | Jupiter, FL
Mar 2014-Jun 2014

- Hired to assist and guide up to 20 scuba divers, taking them to dive sites and dropping them off for drift dives
- Recovered divers after three dives, returning to the dock and unloading all scuba gear
- Responsible for maintaining all areas of the vessel and tending to any mechanical issues

M/Y [REDACTED] | 2013 Sunseeker, 111'
ENGINEER | Fisher Island, Miami, FL
Nov 2015-Jan 2016

- Responsible for maintenance of all systems including: air conditioning, electrical, shore power, generators, mains (2-2200 hp MTU's), plumbing, and carpentry
