Cami [redacted]

Chief Stewardess

With experience aboard both charter and private yachts, as Chief Stewardess, I take pride in supporting reputable yacht programs through polished guest service, discretion, and thoughtful operational leadership. I am currently located in Fort Lauderdale and hold both United States and Estonian passports.

My background in yachting and luxury hospitality has garnered a comprehensive understanding of interior operations and the delivery of elevated guest experiences. I maintain exceptionally high standards throughout all aspects of the interior while ensuring owners and guests experience a seamless, polished, and welcoming environment on board.

Professionalism, attention to detail, and guest satisfaction remain central to my approach for interior presentation. I place strong emphasis on organization, accountability, and cultivating a positive, efficient team culture on board.

My experience includes guest trip oversight, administration, budgeting and accounting, provisioning, inventory management, contractor coordination, interior maintenance, and operational planning. I lead by example, refine onboard procedures as needed, and support junior crew in the maintenance of consistently high service standards. In addition, I have experience with vessel outfitting, uniform coordination, décor and tableware procurement, new builds, shipyard periods, and program transitions.

Alongside my interior background, I am confident supporting deck operations including line handling, calling distances, anchoring, tender operations, washdowns, engineering assistance, exterior detailing, and general vessel upkeep. I am also proficient in the galley. I enjoy practical work and take pride in contributing wherever needs support.

Prior to entering the yachting industry, I developed a strong hospitality foundation within luxury resorts and in restaurant management. At [redacted] I worked with VIP clientele in an environment centered around attentiveness, privacy, and professionalism. I previously managed a historic restaurant operation, overseeing a team of twenty staff, which cemented my skills in leadership, scheduling, organization, and financial oversight.

Please find attached my CV, references, and portfolio. I would welcome the opportunity to further discuss how my experience and professional approach may contribute positively aboard your program.

Respectfully,

Cami [redacted]
